

**Fulfilling Transportation,
Pile Driving and Rental Equipment needs in Alberta's oilfield
for 65 years.**

The history of Pile Base Contractors in many ways parallels the development of the
Alberta oil patch.

It is the story of pioneers, of people with vision, of people with the grit and the
determination that
characterizes the oil industry in Alberta.

Pile Base Contractors offers a range of rental equipment such as portable
engineer's trailers, rig matting, pipe racks, gensets/light towers and tanks.

A complete inventory of piling pipe are maintained at Pile Base's storage facility in
Drayton Valley ready for rapid dispatch to jobsites anywhere in Western Canada.

With its long history and its "Can-Do" attitude, Pile Base Contractors are ready to
meet the demands of today's oil industry and is busy preparing for those of
tomorrow.

***Our Commitment:
Health, Safety, and the Environment***

Our Services

Transportation

Our trucking fleet consists of:

- Bed Trucks
- Winch Tractors
- Picker Trucks up to 45 Tonnes
